

18 APR 1952

MEMORANDUM FOR: Director of Central Intelligence

THROUGH : Deputy Director for Intelligence

SUBJECT : Approval of Consultant of the Electronics Panel

REFERENCE : Memorandum dated 29 February 1952 from DCI,
SUBJECT: Employment of Consultants.

I. Problem

To staff a consulting panel of skilled U.S. industrialists in the electronics field who can be called upon to assist ORR in the exploitation of intelligence bearing upon this field.

II. Discussion

The mission of the Electronics Panel is to (1) give advice in the development and guidance of intelligence techniques in the field of electronics, (2) assist ORR in the evaluation of information on foreign programs and installations, (3) supplement the staff efforts of the Industrial Division, ORR in support of numerous projects.

Under present plans the panel will be called on for a minimum of ten days per year.

III. Recommendations

It is recommended that approval be given to the appointment of [redacted] to serve as an ORR consultant on the Electronics Panel. Personnel action, including a preliminary I&S indices check had begun prior to reference memorandum. A general statement of his qualifications is included for your information. (Tab A)
